The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A 1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs dry.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ½ indicates Special Survey of Machinery or Boilers during construction, (thus, ½L.M.C., ½NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. dcp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *✕ A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ... *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it (thus,* 3,82) *indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3,82 *) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A, *that the Vessel is built of Iron. The note* * (thus, *A) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* ( ) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (○) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (thus, ✠L.MC., ✠NE.&B.) lrp.—*Large repairs,* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*** Additional Ships are inserted in the Supplement at the end of the Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request.* *In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The broad A, that the Vessel is built of Iron.* *The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require.* *A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Column 1, the ✠ signifies that the Vessel was built under Special Survey.* *B.Hds.—Bulkheads.* *Cem.—Cemented.* *Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* *✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.)* *lrp.—Large repairs.* *drp.—Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3/82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3/82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp. Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, * ⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*** Additional Ships are inserted in the Supplement at the end of the Register.

*The, 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* lrp.—*Large repairs.*
✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.)*
drp.—*Damage repairs, of Machinery.*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. dr.—Damage repairs. of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, A*) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (thus, ✠L.MC., ✠N.E.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ L.M.C., ✠ N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads, Cem.—Cemented, Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (thus, ✠L.MC., ✠N.E.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads, Cem.—Cemented, Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M8.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. &c.—Damage repairs. of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, non-compliance, at that date, with the Society's Rules, was removed to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from The broad A, that the Vessel is built of Iron. The note * (thus, * A 1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ••• *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it (thus,* 3,82*) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3,82 *) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A*, that the Vessel is built of Iron. The note * (thus,* A *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (* O *) over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black (*O*) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (thus, ✠L.M.C., ✠N.E.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drs.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. dry.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 8,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M3.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ... *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it (thus,* 3,82*) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3,82*) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A, *that the Vessel is built of Iron. The note* * (*thus,* *A) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* ( ) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (O) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads.* Cem.—*Cemented.* Asp.—*Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (thus, ✠L.MC., ✠N.E.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3.82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imprilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier scantlings than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,82~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. dre.—Damage repairs of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (that, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.). lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ L.MC., ✠ NE.&B.) srp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,82~~) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots … indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 8,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3.82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ... *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it* (*thus,* 3,82) *indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it* (*thus,* 3,82) *indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A, *that the Vessel is built of Iron. The note* * (*thus,* *A) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red* (Q) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (O) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction,* (*thus,* ✠L.MC., ✠NE.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.)* drp.—*Damage repairs, of Machinery.* lrp.—*Large repairs.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus,* ✠L.MC., ✠NE.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ••• *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it (thus,* ~~3,82~~*) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,* ~~3,82~~*) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A*, that the Vessel is built of Iron. The note* * *(thus,* *A*) that the Vessel has been built with heavier plating than the Rules now require. A ring in red* (○) *over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black* (○) *in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request.* *In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The broad* A, *that the Vessel is built of Iron.* *The note * (thus, *~~A~~) that the Vessel has been built with heavier plating than the Rules now require.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Column 1, the ✠ signifies that the Vessel was built under Special Survey.* *B.Hds.*—Bulkheads. Cem.—*Cemented.* Asp.—*Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.)* lrp.—*Large repairs,* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠-NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

f.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (♀) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&M.S.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.)* lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, A*) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A1) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ▲, that the Vessel is built of Iron. The note * (thus, *▲) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrg.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. ○ The broad △, that the Vessel is built of Iron. The note * (thus, *△) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs, drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots • • • indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (Q) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.M.C.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.M.C., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*** Additional Ships are inserted in the Supplement at the end of the Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⌓, that the Vessel is built of Iron. The note * (thus, *⌓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, impenilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) drp.—Damage repairs, of Machinery. lrp.—Large repairs.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

The 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots* ••• *indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column* 14 *a black line with date under it (thus,* 3,82) *indicates that, at that date, the Vessel,* from reported defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3,82 *) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad* A, *that the Vessel is built of Iron. The note* * (*thus,* *A) *that the Vessel has been built with heavier plating than the Rules now require. A ring in red (* ○ *) over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black (*○*) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column* 1, *the* ✠ *signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B.&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus,* ✠L.MC., ✠NE.&B.) lrp.—*Large repairs.* drp.—*Damage repairs, of Machinery.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ L.MC., ✠ NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, * A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad ⩓, that the Vessel is built of Iron. The note * (thus, *⩓) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠NE.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ••• indicate that the Vessel was at one time Classed by this Society, but that the Class has been withdrawn at owner's request. In Column 14 a black line with date under it (thus, 3,82) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,82) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The broad A, that the Vessel is built of Iron. The note * (thus, *A) that the Vessel has been built with heavier plating than the Rules now require. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Column 1, the ✠ signifies that the Vessel was built under Special Survey. B.Hds.—Bulkheads. Cem.—Cemented. Asp.—Asphalted.*

L.MC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B.&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠L.MC., ✠N.E.&B.) lrp.—Large repairs. drp.—Damage repairs, of Machinery.
